Tools for a New Lifestyle
Please read these important safety instructions before use and retain for future reference.
IMPORTANT SAFEGUARDS

When using your electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric hazards and injuries.

WARNING: Spilled food can cause serious burns. Keep appliance and cord away from children. Never drape cord over edge of counter, never use power outlet below counter, and never use with an extension cord.

Special Cord Set Instructions

As per ETL safety requirements, a short power supply cord 60 cm to 90 cm (0.6 m to 0.9 m) is provided to reduce the hazards resulting from entanglement and tripping.

This appliance has a grounded 3-prong plug. To reduce the risk of electric shock this plug is intended to fit into a grounded outlet only. If the plug does not fit fully into the outlet consult a qualified electrician.

Grounding protects the people who use the Multicooker from electric shock, as the casing is connected directly to the ground prong.

Safety Instructions

1. READ ALL INSTRUCTIONS.

2. Do not touch hot surfaces. Only use side handles for carrying or moving.

3. Do not place the appliance on or in close proximity to a hot gas or electric burner, or a heated oven; heat from an external source will damage the appliance.

4. Do not use near water or flame. Please keep out of direct sunlight.
5. Extreme caution must be used when moving the appliance containing hot liquids.

6. **CAUTION** The cooking pot will be hot after cooking. Allow sufficient cooling down time before handling or serving. Keep hands away from the sides and rim of the cooking pot. Failure to comply may result in scalding or serious injury. Always use a pair of Instant Pot® mini mitts or other oven mitts to hold the hot cooking pot by the handles.

7. Do not use appliance for anything other than intended use.

8. For household use only. Do not use outdoors. Not for commercial use.

9. Do not use this appliance for deep frying or broasting with oil.

10. Do not lean over or place your hands or face over the appliance while it is in operation.

11. **CAUTION** Do not touch the glass lid when the appliance is in operation; this could result in injury.

12. To protect against electrical shock, do not immerse the power cord, plugs, or cooker base in water or other liquid.

13. A short power supply cord (0.6 m to 0.9 m) is provided to reduce the hazards resulting from it being grabbed by children, becoming entangled in, or tripping over a longer cord.

14. Unplug from outlet when not in use and before cleaning. To disconnect press Cancel, then remove plug from power source. Do not pull from cord. Allow to cool before putting on or taking off parts, and before cleaning or storage.

Please read this manual carefully and retain for future reference.
15. Proper maintenance is recommended after each use. See “Care & Cleaning” for cleaning instruction. Allow the unit to cool before cleaning the appliance.

16. **WARNING** Do not operate the cooker if you notice any damage to the plug, the cord, the cooker base, the cooking pot, or the lid, or after the appliance malfunctions, or has been damaged in any manner. Contact the Customer Care Team for examination, repair or adjustment. Do not let power cord hang over edge of table or counter, or touch hot surfaces.

17. Intended for countertop use only. Keep the appliance on a stable platform. Do not place on surfaces that may block the vents on the bottom of the appliance.

18. Spilled food can cause serious burns. Keep appliance and cord away from children. Never drape cord over edge of counter, never use outlet below counter, and never use with an extension cord.

19. To avoid spill or splatter, do not fill the cooking pot beyond 3/4 full.

20. When cooking meat with skin (e.g. sausage with casing), the skin can swell when heated. Do not pierce the skin as long as it is swollen; this could result in scalding injury.

21. The Delay Start program is not recommended for porridge, oatmeal or other foamy and thick liquids. Cooking process should be monitored when cooking these foods.

22. Be aware that certain foods, such as applesauce, cranberries, pearl barley, oatmeal or other cereals, split peas, noodles, macaroni, rhubarb, or spaghetti can foam, froth, and spatter. Cooking process should be monitored when cooking these foods.

Please read this manual carefully and retain for future reference.
23. Do not cook directly on the heating element. Before inserting the cooking pot into the appliance, wipe the outer surface of the cooking pot and heating element to ensure they are dry and free of food debris.

24. Do not attempt to repair, replace, or modify components of the appliance, as this may cause electric shock, fire or injury, and will void the warranty.

25. Do not use appliance in electrical systems other than 120V/60Hz for North America. Do not use with power converters or adapters.

26. This appliance should not be used by children; by individuals whose physical, sensory or mental abilities may prevent safe use of the appliance; or by individuals with limited knowledge of how to use the appliance. Close supervision is needed when using this appliance near these individuals.

27. To reduce the risk of electric shock, cook only in a cooking pot authorized by the manufacturer.

28. The use of any accessories or attachments not authorized by Instant Brands™, Inc. may cause injuries.

SAVE THESE INSTRUCTIONS.
1. READ ALL INSTRUCTIONS.
2. Do not touch hot surfaces. Only use side handles for carrying or moving.
3. Do not place the appliance on or in close proximity to a hot gas or electric burner, or a heated oven; heat from an external source will damage the appliance.
4. Do not use near water or flame. Please keep out of direct sunlight.
5. Extreme caution must be used when moving the appliance containing hot liquids.
6. The cooking pot will be hot after cooking. Allow sufficient cooling down time then remove plug from power source. Do not pull from cord. Allow to cool before putting on or taking off parts, and before cleaning or storage.
7. Do not use appliance for anything other than intended use.
8. For household use only. Do not use outdoors. Not for commercial use.
9. Do not use this appliance for deep frying or broasting with oil.
10. Do not lean over or place your hands or face over the appliance while it is in operation.
11. Do not touch the glass lid when the appliance is in operation; this could result in injury.
12. To protect against electrical shock, do not immerse the power cord, plugs, or cooker base in water or other liquid.
13. A short power supply cord (0.6 m to 0.9 m) is provided to reduce the hazards resulting from entanglement and tripping.
14. Unplug from outlet when not in use and before cleaning. To disconnect press Cancel,
15. Proper maintenance is recommended after each use. See "Care & Cleaning" for cleaning instructions.
16. Do not operate the cooker if you notice any damage to the plug, the cord, the cooker base, the cooking pot, or the lid, or after the appliance malfunctions, or has been damaged in any manner. Contact the Customer Care Team for examination, repair or adjustment. Do not let power cord hang over edge of table or counter, or touch hot surfaces.
17. The Delay Start program is not recommended for porridge, oatmeal or other foamy and thick liquids. Cooking process should be monitored when cooking these foods.
18. Spilled food can cause serious burns. Keep appliance and cord away from children. Never drape cord over edge of counter, never use outlet below counter, and never use with an extension cord.
19. Do not pierce the skin as long as it is swollen; this could result in scalding injury.
20. When cooking meat with skin (e.g. sausage with casing), the skin can swell when heated. Do not pierce the skin as long as it is swollen; this could result in scalding injury.
21. Be aware that certain foods, such as applesauce, cranberries, pearl barley, oatmeal or rice, may swell in the cooker. These foods should be monitored during the cooking process to prevent spillage. If cooking these foods, use a steam rack to prevent them from spilling over the sides and into the appliance.
22. Be aware that the cooker may produce steam during operation. When cooking foods that produce steam, use a steam rack to prevent the steam from escaping and causing burns.
23. Avoid cooking foods that produce strong odors or fumes, as these can cause damage to the appliance.
24. Do not attempt to repair, replace, or modify components of the appliance, as this may cause electric shock, fire or injury, and will void the warranty.
25. Do not use appliance in electrical systems other than 120V/60Hz for North America. Do not use appliance for anything other than intended use.
26. The use of any accessories or attachments not authorized by Instant Brands™, Inc. may cause electric shock, fire or injury, and will void the warranty.
27. To reduce the risk of electric shock, cook only in a cooking pot authorized by the manufacturer.
28. The use of any accessories or attachments not authorized by Instant Brands™, Inc. may cause electric shock, fire or injury, and will void the warranty.
Control Panel

The control panel of your Instant Pot® Multicooker includes a temperature and time LED display. There are +/- keys to adjust time and temperature, cooking program keys, and operation keys.

Note: “Default Auto Keep Warm” temperature is 151~163°F (66~73°C). The user can turn on and off the “Auto Keep Warm” function according to the above table by pressing “Keep Warm” button as needed.
Getting Started

1. Read warning card and warning stickers. Remove all packaging materials from the cooker and accessories.

2. Clean inner pot, lid, and accessories with water and dishwashing soap prior to using.

Instant Pot® Multicooker is a programmable smart cooker that has built-in pre-set cooking programs for different food ingredients and cooking methods. It is multifunctional, versatile, and user-friendly cooker.

Operating Conventions

1. Connect the power cord.

2. LED light shows “OFF”.

3. Select cooking function.

After 10 seconds, the cooker will beep three times and begin the cooking process. “On” is displayed when the cooker preheats to the set cooking temperature, with exceptions of the “Slow Cook H” and “Slow Cook L” programs, for which the cooking time countdown starts immediately.

4. When the cooking cycle has finished, the cooker beeps and automatically enters the Keep Warm mode on “Stew”, “Slow Cook H”, “Slow Cook L”, “Steam” and “Rice”.

5. If the “Keep Warm” function is on, the temperature display shows “done” (meaning Done). The time display counts up the elapsed keep warm time (such as 00:02 for 2 minutes). After 10 hours, the cooker turns “OFF” for “Stew”, “Slow Cook H”, and “Slow Cook L”. “Keep Warm” function on “Rice” and “Steam” will turn off after 2 hours. If “Keep Warm” was not turned on, “OFF” is displayed immediately after the cooking is completed.
Getting Started

Customize Cooking Programs

Note: The temperature settings on “Steam”, “Slow Cook H”, “Slow Cook L”, and “Rice” are pre-set, and cannot be modified. Only “Time” can be adjusted, with the exception of the “Rice” function (both “Time” and “Temp” are not adjustable).

1. Connect the power cord.
2. LED light shows “OFF”.
3. Select cooking function.
4. Customize the temperature: Under “Temp” press the “+” or “-” button to set the desired temperature.
5. Customize the time: Under “Time” press the “+” or “-” button to set the desired time.
6. After 10 seconds, the cooker will beep three times and begin the cooking process. The display will show “ON” while the cooker preheats to the target cooking temperature, with the exception of the “Slow Cook” programs, which will begin the cooking countdown immediately.

7. When the cooking cycle has finished, the cooker will beep and automatically enter the “Keep Warm” mode while on “Stew”, “Slow Cook H”, “Slow Cook L”, “Steam” and “Rice”.
8. If the “Keep Warm” setting is on, the temperature display shows “donE” (meaning Done). The time display counts up the elapsed keep warm time (such as 00:02 for 2 minutes). If “Keep Warm” was not turned on, “OFF” is displayed immediately after the cooking is completed.
   a. Automatic “Keep Warm” function will run for 10 hours on “Stew”, “Slow Cook H”, and “Slow Cook L” settings.
   b. Automatic “Keep Warm” settings will run for 2 hours on “Rice” and “Steam” function.
Delay Start

1. Connect the power cord.

2. LED light shows “OFF”.

3. Select a cooking program by pressing on the cooking program key.

4. Press the “Delay Start” key.

5. Under “Time” press the “+” or “-” key to set the desired delay start time.

After 10 seconds, the cooker will beep and the “Delay Start” countdown will begin.

*Changes to “Delay Start” time cannot be made once the timer has started. To change the time, press “Cancel” and enter your new selections.

Cancel

The “Cancel” key is used to cancel the cooking program at any time. The display will show “OFF” after the “Cancel” button is selected.

The “Cancel” key is also used to change programs during a cooking cycle.
Advanced Operations

Change from Fahrenheit to Celsius

Press “Cancel” to turn the Multicooker Off. Under “Temp”, press and hold the “+” and “-” buttons together for 5 seconds to switch between °F and °C.

Memory Function

The Instant Pot® Multicooker remembers the most recently used settings per cooking program for a more personalized cooking experience. The user can experiment and fine-tune the cooking settings for each program to achieve the best cooking results.

Factory Reset for Cooking Programs

The user may want to reset the individual cooking program back to the factory settings.

1. Press the “Cancel” key to ensure the Instant Pot® Multicooker is in the standby mode, displaying “OFF”.

2. Press and hold the cooking program key for 5 seconds, until the cooker beeps. The settings of the selected cooking program are restored to the factory default.

Full Factory Reset

The user may want to reset the entire cooker to factory settings in order to erase all customizations made.

1. Press the “Cancel” key to ensure the Instant Pot® Multicooker is in the standby mode, displaying “OFF”.

2. Press and hold the “Cancel” key for 10 seconds, until the cooker beeps. All of the settings on the cooker are restored to the factory default.
Product Specifications

- **Dimensions**: 16.8” L x 11.6” W x 10.2” H
  - 42.6 cm L x 29.41 cm W x 25.90 cm H
- **Weight**: 10.27 lb
  - 4.66 kg
- **Capacity**: 6.0 Quart
- **Power**: 120 V ~ 60 Hz
- **Power Output**: 1500 W
Unplug your Instant Pot® Multicooker and let it cool to room temperature before cleaning.

- Instant Pot® inner pots, lids, and accessories are safe to wash in your dishwasher.

- Remove the inner pot and lid and wash with liquid dish soap. Rinse with clear water and wipe dry with a soft cloth.

- Wipe the inner cooker base rim and dry with cloth to prevent rusting of the exterior cooker rim.

- Clean the outer body housing with a damp soft cloth or sponge.

- Never use harsh chemical detergents, scouring pads or powders on any of the parts or components.
If you experience any problem with the cooker, please **DO NOT** return the product to the retail store or online merchant.

For technical assistance and product return information:

- Create a support ticket: [www.instantpot.com/support/](http://www.instantpot.com/support/)
- Email: support@instantpot.com
- Call 1-800-828-7280 ext. 2 for the customer care team
- Go to [www.instantpot.com](http://www.instantpot.com) for FAQs and other cooking tips

The issues in the following tables do not always indicate a fault in the product. Please examine the cooker carefully before contacting the Instant Pot® customer support team.

Limited Warranty

This Limited Warranty is effective for one year from the date of original consumer purchase. Proof of original purchase date and, if requested by an authorized representative of Instant Brands Inc. (“Instant Brands”), return of your appliance, is required to obtain service under this Limited Warranty. Provided that this appliance is operated and maintained in accordance with written instructions attached to or furnished with the appliance, Instant Brands will, in its sole and exclusive discretion, either: (i) repair defects in materials or workmanship; or (ii) replace the appliance. In the event that your appliance is replaced, the Limited Warranty on the replacement appliance will expire 12 months from the date of original consumer purchase.

This Limited Warranty extends only to the original purchaser and use of the appliance in the United States of America and Canada. This warranty does not cover units that are used outside of the United States of America and Canada.

Any modification or attempted modification to your appliance may interfere with the safe operation of the appliance and will void this Limited Warranty. This Limited Warranty does not apply in respect of any appliance or any part thereof that has been altered or modified unless such alterations or modifications were expressly authorized by an Instant Brands representative.

Limitation and Exclusions

The liability of Instant Brands, if any, for any allegedly defective appliance or part shall in no circumstances exceed the purchase price of a comparable replacement appliance.

This Limited Warranty does not cover:

1. Damage resulting from accident, alteration, misuse, abuse, neglect, unreasonable use, use contrary to the operating instructions, normal wear and tear, commercial use, improper assembly, disassembly, failure to provide reasonable and necessary maintenance, fire, flood, acts of God or repair by anyone unless directed by an Instant Brands Representative;

2. Repairs where your appliance is used for other than normal, personal use or when it is used in a manner that is contrary to published user or operator instructions; or

3. Use of unauthorized parts and accessories, or repairs to parts and systems resulting from unauthorized repairs or modifications made to this appliance.

The cost of repair or replacement under these excluded circumstances shall be borne by you.
Disclaimer of Implied Warranties

EXCEPT AS EXPRESSLY PROVIDED HEREIN AND TO THE EXTENT PERMITTED BY LAW, INSTANT BRANDS MAKES NO WARRANTIES, CONDITIONS OR REPRESENTATIONS, EXPRESS OR IMPLIED, BY STATUTE, USAGE, CUSTOM OF TRADE OR OTHERWISE WITH RESPECT TO THE APPLIANCES OR PARTS COVERED BY THIS WARRANTY, INCLUDING BUT NOT LIMITED TO, WARRANTIES, CONDITIONS, OR REPRESENTATIONS OF WORKMANSHIP, MERCHANTABILITY, MERCHANTABLE QUALITY, FITNESS FOR A PARTICULAR PURPOSE OR DURABILITY.

Some states or provinces do not allow for the exclusion of implied warranties of merchantability or fitness, so this limitation may not apply to you. In these states and provinces, you have only the implied warranties that are expressly required to be provided in accordance with applicable law.

Limitation of Remedies; Exclusion of Incidental and Consequential Damage

YOUR SOLE AND EXCLUSIVE REMEDY UNDER THIS LIMITED WARRANTY SHALL BE APPLIANCE REPAIR OR REPLACEMENT AS PROVIDED HEREIN. INSTANT BRANDS SHALL NOT BE LIABLE FOR INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR IN CONNECTION WITH THE USE OR PERFORMANCE OF THE APPLIANCE OR DAMAGES WITH RESPECT TO ANY ECONOMIC LOSS, PERSONAL INJURY, LOSS OF PROPERTY, LOSS OF REVENUES OR PROFITS, LOSS OF ENJOYMENT OR USE, COSTS OF REMOVAL, INSTALLATION OR OTHER INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY NATURE OR KIND.

Warranty Registration

Please visit https://instantpot.com/support/register/ to register your new Instant Brands™ appliance and validate your warranty within thirty (30) days of purchase. You will be asked to provide the store name, date of purchase, model number (found on the back of your appliance) and serial number (found on the bottom of your appliance) along with your name and email address. The registration will enable us to keep you up to date with product developments, recipes and contact you in the unlikely event of a product safety notification. By registering, you acknowledge that you have read and understand the instructions for use, and warnings set forth in the accompanying instructions.

Warranty Service

To obtain service under this warranty, please contact our Customer Service Department by phone at 1-800-828-7280 or by email to support@instantpot.com. You can also create a support ticket online at www.InstantPot.com/support. If we are unable to resolve the problem, you may be asked to send your appliance to the Service Department for quality inspection. Instant Brands is not responsible for shipping costs related to warranty service, save and except for shipping costs associated with the return of your appliance from Canada or within the 48 contiguous states and the District of Columbia of the United States of America, as provided herein. When returning your appliance, please include your name, mailing address, email address, phone number, and proof of the original purchase date as well as a description of the problem you are encountering with the appliance.
